Contact:

info@future-automotive-production-conference.com

The conference offers the exchange of scientific know-how and technical expertise for sustainability in Automotive Engineering. The focus of the conference is on Production and Processes, Materials and their Application as well as Ressource Efficiency through Digitalization

Conference Sessions

Innovative &
Smart Production

Design and Simulation
for Circular Components

Life Cycle Engineering

Functional and
Innovative Components

AI-based Optimisation

Sustainable Materials & Surfaces

Factories of the Future

Start-Up Pitches &
award for the best innovation

HOSTED BY

IN COOPERATION WITH

SUPPORTER

CONFERENCE CHAIRMAN FAPC & WERKSTOFFSYMPOSIUM

Prof. Dr.-Ing. **Klaus Dröder**
Prof. Dr.-Ing. **Thomas Vietor**

Dr. **Joachim Kroos**
Dr.-Ing. **Andreas Gebauer-Teichmann**
